ABOUT US

GULAIN is a privately owned company with a broadly diversified customer base. Our dedicated production and quality control teams have tirelessly worked to deliver the best quality products expected by our customers.

Supported by 5 Skilled employees and more than 250 farmers. Ultimately, it is our top priority to meet our customer's satisfaction and expectation.

We have a strategy for success, namely by developing a network of farmers throughout the Arenga plantations that we manage. And we ensure readiness in our processing plants, to be able to produce the best products with international quality.

MISSION

Provide the best solutions, products, and services for our partners / colleagues and opportunities for our team to improve themselves in several aspects of their lives.

VISION

Produce added value to Indonesia's best commodities and deliver it to the global market

VISIT GULAIN

Indonesia has 17,503 islands and we have several locations that you can visit, from plantations to factories that produce finished products. We own a plantation on the western of Java, Indonesia and have a production plant at Bandung. And your visitation to this company will be unforgettable.

GULAIN has developed a strategy to grow and sustain its successful global business. We take advantage of opportunities where the resources we work on are huge in Indonesia. We believe GULAIN has a very good position to take advantage of these things

Commitment is the value of our company. And we see that the establishment of this company is not just the profit we seek, but we know that there is a reason why this company should stand. Many people have the hope of having a good life, and we are here for them. We want to be a blessing to those in need.
