

Company Profile CV. Jati Makmur

Jatimakmur is well known for its commitment to quality and service.

With more than 15 years of experience producing woodworking, we are very confident to provide maximum service and quality of tropical sawn timber S2S, custom order S4S, parquet, mosaic, skirting, decking, listony, finger joint, and laminated finger joint board.

Our factory is located in Indonesia, home of Asia's largest rain forest.

All of our products are from Indonesia's natural Rain Forest, managed under sustainable forest management and Indonesian selective cutting and planting system.

We export all our products regularly to New Zealand, Australia, Singapore, Hongkong, Korea, China, Turkey, Italy and Netherland.

If you are interested in any of our products or you would like to receive further information please call to: +62343426849 or email to : exporterjatimakmur@gmail.com.
