COMPANY HISTORY

PT Agri Ekspor Indonesia (AKOR) is a company engaged in international trade based on social enterprise in South Sumatra Province, Indonesia. AKOR was registered and officially established in December 2021 with the mission of being a catalyst for agricultural export.

We are committed to being able to solve the agricultural supply chain problems between importers as buyers and farmers as producers. Problems in the agricultural supply chain, including the quantity and quality of products are still unresolved issues. To answer these problems, as a first step AKOR currently focusing on solving problems with coffee commodities in South Sumatra.

OUR PARTNERS

5 SMEs

6 VILLAGES

15+ FARMERS

HOW WE ARE DIFFERENT

Our Company

- Has two consumers : Farmers and Importers
- Provide products with the best quality and appropriate quantity
- Has a community impact: partnership with farmers and a platform for agriculture education namely BESTANI

Competitors

- Only has one consumer : the importer
- Only focus on providing products with large quantities
- Rarely has a community impact

THANK YOU

*We look forward to receiving
your inquiries*
